In Briff

New medical appointment procedures

Servicemembers can now begin calling in for appointments at 6 a.m. and familiy members at 6:30 a.m. It is no longer necessary to report 15 minutes before an appointment.

If an appointment is at 10 a.m., then just come in at that time. The staff will check you in and you will be ready for the provider. Servicemembers can now

Quality of

Service Survey
The Quality of Service
Survey has been extended
to Nov. 10 to provide a maximum opportunity for active duty Sailors and officers to voice their "quality of ser-vice" issues in the region. The survey is anonymous and is located on the Commander, Navy Region Hawaii webpage (www.hawaii.navy.mil).

This is your opportunity to make your concerns known concerning job satisfaction, importance and the impact specific working conditions have in your work life. Don't pass up this rare opportunity. Survey re-sults will allow your chain of command to find out what is going well and what needs to be improved. Your concerns do matter.

Sailors who do not have access to the Internet at home or at work should contact their unit's Command Master Chief (CMC) to make arrangements for access to the survey.

Security reminders

Due to recent events in the Middle East, the U.S. Navy has increased its vigilance and awareness at all ilance and awareness at all commands, ashore and afloat. This is a prudent measure for the safety of personnel, ships and installations. Proper vehicle decals and photo identification will be required for entrance to all naval installations, which could result in tions, which could result in

tions, which could result in delay for entering the base. Everyone is reminded to stay alert and take note of the following guidelines: •Be suspicious and in-quisitive about strangers, particularly those carrying suitcases or other contain-ers

•Watch for unidentified vehicles on or in the vicinity of naval installations.

• Watch for abandoned

parcels or suitcases and any unusual activity.

Any of these suspicious activities can be reported to Naval Station Pearl Harbor Security Department at 473-1238 (for non-emergencies) or 471-7144 (for emergencies)

Ohana 2000 update:

Navy's largest PSD strives for excellence

By PN2 Gretchen Miller and JOC Gerard Sekerak PSD, HAWAII NAVY NEWS EDITOR

"Taking care of our customers is one of the most important things that we can do," exclaimed Lt. Cmdr. Mary Kelly, officer in charge, Personnel Support Personnel Support Detachment Pearl Harbor. "People come to us because they need assistance, or have a problem that needs fixing.

PSD Pearl Harbor works real hard to ensure that we do everything we can to provide the needed assistance and fix problems when we can. If nothing else, we want people feeling that we did everything we possibly could to assist them."

PSD moved to its current leasting two years are and

location two years ago, and the new digs are a huge benefit to customers. The building is easy to find for new arrivals, parking is plentiful,

Pay and personnel issues are parts of Navy life few peoare parts of Navy life few peo-ple think about until there are problems. How do people avoid having problems? Keeping forms such as page two information updated to keep the right cost of living allowance (COLA) rate, re-viewing Leave and Earnings Statements (LES) every Statements (LES) every

USS Cole in memoriam: A moment of silence

PH2 Chad McNeeley photo

MU1 Paul Lindsay plays Taps during a memorial service in honor of the Sailors of the USS Cole (DDG 67) Wednesday at the Pearl Harbor Memorial Chapel. People wishing to send cards to USS Cole and family members with their condolences will have the opportunity Friday from 11 a.m. until 1 p.m. outside the Pearl Harbor Navy Exchange. Cards will also be available at the American Services YMCA Single Sailor Center everyday. Donations of cards or postage are welcome. For more information, call Kathy Kinneman at 473-3398

ITEMPO program helps Navy manage deployment time

By JOC(SW/AW) Mike Morley NAVPERSCOM PUBLIC AFFAIRS

The Navy recently announced a new program to help leadership achieve a better balance between Navy's global commitments and the time Sailors must be away from their families.

The Individual Personnel Tempo Program (ITEMPO), mandated un-der the Defense Authorization Act of FY00, will account for and manage the amount of time every Sailor in the Navy (including Reserves) is required to be away from their permanent duty station (PDS) or homeport.

Under ITEMPO, every command Navy-wide will track deployment

and non-deployment events for each Sailor attached to their command.

Deployment events, where a Sailor "could not go home at night" (underway periods, exercises away from PDS/homeport, TAD travel, etc.), will be tracked by the member's command and reported.

Overseas COLA payments increased

By U.S. Pacific Command Public Affairs

HE Office of the Secretary of Defense Diem, Travel and Allowance committee recently announced an increase in the overseas cost-of-living allowance.

The change will impact approximately 280,000 service members serving in more than 600 locations overseas, including Alaska and Hawaii. The increase, which went into effect Oct. 1. resulted from an update in the data OSD uses to compute COLA payments.

The tables used to compute spendable income, part of the COLA payment formula, is now using 1995-1996 data from the Bureau of Labor and Statistics.

Previously, COLA payments were computed using 1987-1988 data. Plans are now in place to update this information annually.

The Per Diem Committee's website at www.dtic.mil/perdiem has a COLA calculator which service members can use to check their COLA payment increase. There is also a frequently asked questions section and detailed information on how overseas COLA is computed.

DoD issues timesaving common access cards

By Linda D. Kozaryn

AMERICAN FORCES PRESS SERVICE

Over the next several years, Department of Defense (DoD) officials expect "smart cards" to replace the identification cards of all active duty military, Selected Reserve personnel, DoD civilian employees and eligible contractors.

The $\bar{D}oD$ began issuing the cards this month, Pentagon officials announced Oct. 10. Personnel at the Pentagon and Marine Corps Base Quantico, Va., will be among the first to receive the new card. The card will eventually allow physical access to se cure areas, permit entry into DoD's computer networks and serve as he authentication token for DoD's computerized public key infrastructure, officials here said.

The Common Access Cards, as they're called, put DoD in the forefront of e-commerce and security, said Bernard Rostker, under secretary of defense for personnel and readiness. The cards feature bar coding, a magnetic strip

and, for the first time, an embedded integrated circuit

chip, he said.
"We'll be using this card for access to buildings, to computer systems, and eventualby it has the capability of fa-cilitating electronic com-merce, allowances, mess hall accesses and the like," Rostker said. As new applications come on line, he added, DoD will have the wherewithal to allow its personnel to gain access to the various systems.

The deployment of the card moves DoD one step closer to a significant milestone in securing its information systems, said Paul Brubaker, deputy chief information officer, office of the assistant sec-retary of defense for Command, Control, Communications

Intelligence. "The smart card will give us the capability to digitally sign documents, transactions, orders and a lot of other implements we use to do business Rostker said. The cards also
